### **1 Corinthians 15:1-8 (New Living Translation)**

#### **The Resurrection of Christ**

**15** Let me now remind you, dear brothers and sisters,<sup>[a]</sup> of the **Good News** I preached to you before. You welcomed it then, and you still stand firm in it. **2** It is this **Good News** that saves you if you continue to believe the message I told you—unless, of course, you believed something that was never true in the first place.<sup>[b]</sup>

**3** I passed on to you what was most important and what had also been passed on to me. Christ died for our sins, just as the Scriptures said. **4** He was buried, and he was raised from the dead on the third day, just as the Scriptures said. **5** He was seen by Peter<sup>[c]</sup> and then by the Twelve. **6** After that, he was seen by more than 500 of his followers<sup>[d]</sup> at one time, most of whom are still alive, though some have died. **7** Then he was seen by James and later by all the apostles. **8** Last of all, as though I had been born at the wrong time, I also saw him.

- 1. Recall** (Part of Dream 2 from Page 673 created on Feb 11th, 2024): I am making tea for myself but when I'm finished and pour the tea out, it fills a medium-sized cup that as I enter that home's bedroom and pass my mom, I hand over to my dad who stands up from the bed sideways from its left end. I see a fair guy with neck-length straight hair dressed in a black suit over a black inner lying curled on the right side of the bed on his side with his laptop open on his right. As I see that man, I get on the bed and crawl to him and as I do so, I see him looking at me showing his clenched, slightly longer-than-usual upper white teeth. It seems that he may hurt me. But for some reason, I continue crawling towards him. I seem to know him. When I've reached him, I see his hand resting on its palm in front of the laptop. I slowly take hold of his hand and then move closer to his lips. He doesn't hurt me but stays still. Though I know that he's a vampire, I still for some reason want to kiss him in that dream. I gently press my lips against his holding his hand and he doesn't retaliate with anger, but I can feel reciprocation in his stillness and though the thought of him attacking me abruptly and digging his fangs in my neck and drinking my blood crosses my mind, he doesn't behave in that way but as I continue to kiss him gently, I can now feel a reciprocated sense of love. The sensation of my lips gently perched out and pressed against his along with my hand holding his hand is too real as I stay in that posture with him and slowly get out of the dream. Even after I've woken up to the extent that I am aware that I've woken up, the sensation on my lips and right hand is there and it makes me think how can my hand that's resting on my body be holding another hand for the sensation is so real. I'm completely woken up and the sensation is still there.

## *The Secret Place Revelations*

2. **Recall** this past vision from Page 602 created on Nov 25th last year: The top of a golden dome with an upwardly pointed antenna ending with a circular blob as a golden flat ring rotated around the golden antenna as it slid along its inner surface being inserted in it. The revelation had a sudden calming effect on me as it was a Holy revelation. And I became normal after that and was no longer crying.

[July 16th, #2; Page 602 \(Past Vision\): Golden Dome With a long Antenna](#)

A few days back, I happened to stand against the roof's railing and look ahead in the far distance when I spotted the golden dome in the video above and it reminded me of the one I had seen in one of the visions from the Holy Spirit I received on Nov 25th last year, written about on Page 602. I later asked my dad about the dome and he told me that it was that of a Gurudwara. This is the first time that I'm visiting the preschool since it was built and began functioning two years back. It was last year that this floor of the building was completed and it is from this floor that the dome with the antenna at the top of the Gurudwara is visible. Also, it was during the end of the last year that I received this vision on Nov 25th. I don't know if the timing of the reception of the revelation goes along with the timing of its visibility from the preschool's roof, but it's certainly another one's of God's revelations fulfilled in my life. Another sign made manifest by God to display His Glory, a part of revelatory works that should make those who've seen how I never visited the school or saw its roof during the past years since it was built. All Glory to God. The vision and the presence of the Gurudwara's dome as seen from the school's roof is a sign for people to believe in Jesus as (the son of) God for it's the Holy Spirit that gave this revelation.

3. (**Past month**, at Omaxe) I see the upper half of the dusky man in black in a white robe in the air above as looking down at me, he says: ***Why should I come down to your level? Why should I come down to your level?***
4. (**Past two weeks**, at Omaxe) As I lay in bed, I see the dusky man in black being held by a few others by his arms in front of me on the slight right as he's being taken away backwards and the others say that they're taking him away. The vision repeats a few times.
5. (**Past two weeks**, at Omaxe) The dusky man in black holds about 1.5 feet wide maroon love heart as he walks backwards and while doing so, tears the heart apart sideways and disappears. The follow up vision shows him reappearing with the severed love heart as he brings the two pieces together which

rejoin and the heart becomes whole as he walks forward towards me. I then tell him to never leave me again.

6. (Past week) My dad standing at the kitchen's entrance as he says looking at me: ***Bete tera blatkaar hua hai. Bete tera blatkaar hua hai.*** The vision repeats a few times.
7. (Past week) The family from the apartment I visited in 2022 standing together with the Aunty in a finely printed white gown standing with them as well as she taunts looking with a mean expression at Glory standing on one side: ***Ye log intelligent hai..*** She then continues in an instructive tone: ***Iska sir phod dena. Ye log intelligent hai.. Iska sir phod dena.***
8. (Past week) Glory says to me (paraphrased): ***Teri shaadi in teeno ki vajah se hi ho rahi hai. Yaad rakhna ki teri shaadi in teeno ki vajah se ho rahi hai.***
9. (Past week) I wrap a long white towel around the dusky man in black and further wrap it upwards, wrapping him fully from toe to head. The thick vertical wrap looks excessively cute and I hug the same.
10. (Past week) I wrap a long white towel around the dusky man in black and further wrap it upwards, wrapping him fully from toe to head. I then see holes with rough ends present around his eyes, the end of nose and mouth as only his features are visible through which he looks outside. I wrap myself with a towel as well from toe to head with similar holes present around my facial features as well as I look at him standing beside him.
11. (Past few days, Saturday) The duo wrap me in a white sheet from toe to neck and take me to shower as I stand below the same and they give me a bath as I stand wrapped in the white sheet. When I go to bathe later during the day at night, I am reminded of the vision. After I'm done bathing, I hear: ***Never say that you love us. This is what we did to you. Never say that you love us. This is what we did to you.*** It repeats when I'm using the washroom during the day. It makes me wonder if it was reason I received the sheet wrap bathing revelation.
12. (Past few days) As I sit on bed leaning against the wall and facing forward, I see my dad dressed in his lavender-colored polo t-shirt sitting on the mattress below as he's moving a worship thali in front of me in the act of worship.
13. (Past few days) The blurry upper half of Death Conqueror above in the air as he says looking down at me: ***Teri shaadi mujhse hi honi thi. Lekin maine tujhe dhokha diya.*** The vision repeats a few times.
14. (Past few days) As I'm washing clothes standing in front of the washing machine outside below the shed on the roof, I see a blurry vision of Prof TRS as he says: ***One day you'll live with me. One day you'll live with me.*** This reminds of this previous vision that I had several months back in which I saw him saying that he was like my dad.

15. (Past few days) Glory says: **Mein tujhse 100 sau baar shaadi kar sakta hu. Mein tujhse sau baar shaadi karne ke liye taiyaar hu.** The vision repeats intermittently a few time during the day.
16. (Past few days) As I lie in bed, I'm shown as a little toddler with excessively fat cheeks and tiny cute toddler protruding eyes and lips as the dusky man in black pulls outwardly at my cheeks. It repeats a few times during the past few days.
17. (Yesterday) I wrap a white towel around the waist of the dusky man in black and wrap it around my waist as well. And it brings on me a sense of healing intimacy to my heart as I see that we're not sinning.
18. (Yesterday) My dad stands at the door as he says looking at me: **Tu ek naajayaz aulad hai. Tu ek naajayaz aulad hai.**
