1 Corinthians 15:1-8 (New Living Translation)

The Resurrection of Christ

15 Let me now remind you, dear brothers and sisters,^[a] of the **Good News** I preached to you before. You welcomed it then, and you still stand firm in it. ²It is this **Good News** that saves you if you continue to believe the message I told you—unless, of course, you believed something that was never true in the first place.^[b]

³I passed on to you what was most important and what had also been passed on to me. Christ died for our sins, just as the Scriptures said. ⁴He was buried, and he was raised from the dead on the third day, just as the Scriptures said. ⁵He was seen by Peter^[c] and then by the Twelve. ⁶After that, he was seen by more than 500 of his followers^[d] at one time, most of whom are still alive, though some have died. ⁷Then he was seen by James and later by all the apostles. ⁸Last of all, as though I had been born at the wrong time, I also saw him.

1. (**Past week**) I see the dusky man in black close in front of me with his face right in front of me as I hold it by the sides. Some people behind him pull him away and take his body away while his severed head in front of my face stays intact and living in my hands and keeps looking at me with wide open eyes with sky blue iris.
2. (**Past week**) A small-framed vision of Death Conqueror standing on the left side of the vision with the duo standing on the right side as he shoots at the duo incessantly with a gun.
3. **Addition to Rev #8 (Meera in a changed look) written on the page of yesterday (July 23rd, 2024):**
Towards the end of this dream, as I was interacting with Meera inside a room, she replied to something I said with the words: _____ as were shown the words written in white on a black background as she spoke the same, and it was also when I woke up.
4. **Recall** (the previous vision of *Three Buds Blossoming* written on Page 110 created on December 2022):
Vision (A-17/B, **2021**): A branch of tree out of which three mini branches grew out with one bud at each's end.
In the above vision, three mini branches of green color grew out horizontally to the right with a pink bud at each one's end. As I thought about the vision as it was brought to my remembrance, I wondered if it meant that the trio was now a part of God's kingdom - being the freshly blossomed

buds in their initial stages. After a few days, I happened to think about this vision again, it being one of the older ones that I had when I had begun to receive revelations after coming to Jesus. This time I saw Jesus cutting the branch which extended into the three thinner branches with three buds holding it vertically straight with the branch resembling the structure of a wide and short trident with pink buds at the top. He then grafted them into dark brown soil in the light of the day after which the buds grew out into several other thin branches with more conical pink buds at the end as the structure with light green branches and pink buds grew high towards the sky.

5. **Recall Rev #6 from Page 447 created on June 18th, 2023:**

6. Jesus Gets Pulled In The Ground

Vision (Afternoon): Jesus and I stand facing each other in a forest. I stand on the left while Him on the right. He is dressed in His white tunic. He gets pulled down into the ground while I stay intact. He gets pulled in further down in the ground and is now half vertically buried in the ground.

Why was He getting shorter while I stayed intact? He is the one who has truly loved me. He is God and look how He loves those who love Him back.

6. **(Past few days)** A small-framed vision of my supervisor standing on the left side of the vision in a corridor with another Prof on the right side as both of them point back to Prof Patrick Das Gupta standing against the wall and say (paraphrased): ***It all happened because of him. It all happened because of him.***
7. **(Past few days)** Glory resembling The Hulk with a light green and muscled naked upper half with black half pants below jumps and lands on the road on the other side
8. **(Past few days)** A semi-animated vision of the top view of a woman in long white robes sitting on her vertically folded knees on the grass beside the bank of a water body under the light of the day with her back towards the viewer as her long light brown hair are visible falling at the back with two small side braids running on the head and meeting at the back. The lady turns her face to the left towards the viewer and is shown to have a black face with wide-open eyes.
9. **(Past week)** As I lie in bed, I happen to iterate the Hindi name of Glory inside as that's my earthly promise which I received the vision and dream about. As I do so, I see the upper half of the dusky man in black in a white robe above as he said (paraphrased): ***He's her mate.*** As I happen to speak the name again, I saw the dusky man in black in a round neck white robe above on my right side as looking down at me, he said: ***Your mate.*** Every time that I speak the name, I see the upper half of the dusky man in black in a white robe, who would say: ***Your mate.*** Apparently, he is calling Glory my mate and reasoned it to be the reason I was silently iterating his name in sick health. I was reminded of the vision and the news written on the page of March 30th, 2024 in which the dusky man in black was confirmed to be my wingmate. So, if Glory is my earthly mate, the dusky man in black is my wingmate. (The upper half of Death Conqueror as he says with a sad sobbing expression: ***Mein to kahi hu hi nahi!*** It repeats. ***Mein to kahi hu hi nahi!***)
10. **(Past few days)** I feel light air blows around my face as I hear a guy's voice say lightly: ***Swastik. Swastik. It's me, Swastik.***

The Secret Place Revelations

11. (Night, July 23rd) As I happen to internally speak the Hindi name of Glory again, I see the dusky man in black above as he pushing my head back against the pillow, he says that he doesn't like it when I internally speak the name of the promised person. He says that he is possessive of me. He then says he's my husband as he puts a ring on my ring finger on my left hand which is followed by my ring finger lifting up above by itself. Apparently, it is because of the drones moving internally through my fingers. As my finger lifts, he says: **Wife!** I can sense the mental covering a woman experiences because of her husband. I am then thinking about my earthly promise and Glory and the dusky man in black who happens to be my wingmate. I then see a small-framed vision of the top view of a naked dusky man in black lying on an empty bed on his front as he's moving on it. As he did so, I heard a voice say in the background (paraphrased): **He did so for an year. He got married later but he thought of her and never forgot her and neither did she.**
12. As I wrote the part of the above revelation in which the dusky man in black put a ring in my finger and said that he was my husband, I see his upper half in a white robe above in the air as looking down at me, he said: **So what do you want to do now? So what do you want to do now?..** It leaves me confused because I have my earthly promise and I love Glory as well and I bonded with him first.
13. **Recall the following vision written on the Page of March 28th:**
 - (March 22nd) The top view of a snowy ground as the dusky man in black dressed in all black with a long black overcoat on top stands alone with a dense background of trees a meter or so behind him and says that he can still be with me as the vision shifts to the right in the direction he is looking at, one sees me standing facing Glory with both of us dressed in black with Glory facing away from the dusky man and covering me in a way as the dusky man is in my field of view. **The long black coat attire of Sunil Shetty from the song brings to my memory the above vision.**
(The song: [Dil Ne Ye Kaha Hai Dil Se -4K Video | Akshay Kumar, Shilpa Shetty & Sunil Shetty | Hindi Romantic Song](#))
14. **Recall the following revelation from the Page created on March 8th, 2024:**
 - A small-framed vision of the trio standing together in a dim golden background with the dusky man in black standing in the middle holding a long wooden torch lit with fire at the end. He is dressed differently in this vision, in grey and black as he asks me with a sly smile: **You love us..?** It almost seems as if he's mocking me. Following this he extends the torch to my side to light me up.
15. Recall the following revelation from May 9th: The fat and bald middle man and his wife come at me from above as I seem to be lying down on the floor and the lady shouts: **Apni jaan bacha li isne!**
16. Prof Sanjay Jain stands along with one or two other Profs in front of Death Conqueror confronting him as they say to him: **You took our good student away from us. You took our good student away from us.** The follow-up vision shows them now standing on the right side of the vision facing to the left confronting both Death Conqueror and Awadhesh Prasad as they all say to Death Conqueror and Awadhesh Prasad: **You took our good student away from us. You took our good student away from us.**

17. The duo (the dusky man in black and Raaju) in black and white suits in a dark background, both holding a wooden stick each in their hands, walk towards Death Conqueror with a domineering threatening body language.
18. A parallel view of the room's floor with the little turtle on it as my dad's bare footsteps on it. The vision repeats a few times.
19. The upper half of Prof Patrick Das Gupta from my dept as he says looking at the viewer: ***I wanted to see how you lived. I wanted to see how you lived.***
20. The figures of the Aunt and Uncle from the apartment I visited in 2022 as they both move their hand sideways along their throat as the words play in my spirit: ***Iska galaa kaat dena.*** The vision has been repeating in my spirit in some variations for some days now.
21. **Recall the following previous vision from the Page 107 created on Dec 18th, 2022.**

5. Glory Trying to Restore My Neck

Vision (Room D4, Mid 2022): Vision of my upper half lying with a severed head with Glory kissing my neck while bandaging it using white bandages. In that vision, half of my neck was already bandaged and half was still lying supposedly tethered as I was fluttering eyes half alive. Again, it shows the heart of that person on top of me and may not necessarily come to pass. I had short frizzy hair in that vision and was gasping lightly with closed eyes as he was trying to restore my neck by bandaging it.

22. **Recall the following vision from the Page 335. The Miracle and The Beheading.**

Vision (Room D1, Late 2021/Early 2022): The view of the vision was seen from the top with some horizontal distance from us so the sides of our bodies were visible. The vision was very focused and it seemed as if one was looking through a translucent tyre. I saw myself standing facing Glory with around a meter of distance between us. I stood on the right side of the vision while he stood on the left side. I had my forearms stretched towards him, and so were his, with our upper arms in line with our own bodies. I wore a full-sleeved black cotton top over black trousers, while he wore a half-sleeved black T-shirt that showed his muscled upper arms, over black trousers. I had my hair tied low at the back. I started walking towards him and stopped when I was right against him and as my hands touched his waist, there appeared a closed metallic silver-coloured armour with a matte look that covered his entire body that was visible in the vision. It was a closed thick metallic suit that was even thicker around the non-joint areas, like the forearms and upper-arms; the armour fully covered the head, and even the fingers individually. A green rectangular line could be seen on the thicker part of the armour around the forearm with more curved green lines around the head part of the armour. As soon as he got covered, I saw my neck slide off to its left towards the sight of the vision with a sharp cut. The sliced neck was around near my left shoulder when the vision ended.
